Handwriting Olympiad

www.handwritingolympiad.com

An effort initiated by Write right, a company into Research, Development and Training of Handwriting for the last 16 years. The Handwriting Olympiad was inceptioned in the year 2010 with a vision to promote good handwriting skills amongst the new generation students. Its cracker-jack team of handwriting experts identified 56 reasons causing illegibility in handwriting. What began as a grassroots assembly of handwriting training is now one of the premiere handwriting competitions in the nation, providing rigorous, standards-based corrective advices to 175638 students in the year 2013.

We expose the students to a platform where they can participate and their handwritings reach our handwriting experts for getting individualized guidance on improving legibility. Research states, "Legible handwriting always fetches 5 to 10% extra marks in exams." Illegible handwriting is nothing but a sheer loss of grades and more! This loss is just the tip of the iceberg. It affects the confidence and overall personality of a child. These losses may persist even beyond school days. Handwriting Olympiad offers an opportunity to step-up and excel in academics and personal development.

The Success story of Handwriting Olympiad 2010 to 2013

Congratulations to all 66 State Champions

Categorization

The participants in the Handwriting Olympiad were divided into three categories A, B & C based on class. This handwriting experts examine the handwritings of students primarily on level of study, writing instrument (pen/pencil), and writing object (4 line/1 line copies). This helps select and honor the deserving kids in their respective categories.

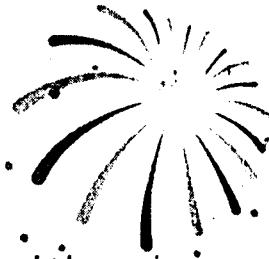

Discovering the State Champs

For every participating school, best three handwritings amongst the lot of each category were awarded. The handwriting of winning schools champs were then further re-analyzed to discover the "State Champions". The State Champions compete in the Finals. Total of 66 State champs (22 from each A, B and C category) participated in the Final Combat in Indore.
