Dear Sir/ Madam,

This is with reference to your letter dated 24th August 2016 marked to Director (VP) with memo no. RSSS/2016/1089 regarding establishment of Science, Mathematics and Technology clubs for children under Rashtriya Avishkaar Abhiyaan (RAA) during 2016-17. In regards to this I would like to inform you that as such there are no specific categories of clubs established by Vigyan Prasar (VP). However you will be happy to know that VP runs a network of science club called VIPNET. This network is established to weave all science clubs, societies, organizations who are working in the field of science and are willing to work with Vigyan Prasar.

Any individual, group of children, school, organization etc. can seek affiliation to VIPNET by filling the affiliation form available on our website. After receiving the affiliation form a unique id will be provided to a particular club and the affiliation certificate will be dispatched to the club. VP does not charge any registration fee from the clubs. To guide, to direct and to define road map on performing science activities at the respective clubs VP runs a monthly newsletter cum magazine called VIPNET News (presently on hold due to administrative issue) which includes activity based articles and club reports which will help clubs to do better in STEM at school level. The clubs needs to carry out the work by their own and report us on regular basis. Based on the reporting by a particular club VP provides certain facilities to a club. To begin with each registered club will be put in a white club category. Based on the reporting frequency of a club a review will be done at the end of each year. After the review a club may be upgraded, degraded or will remain in the same category as previous. The category of a club will decide the facilities provided to a club. All the details regarding the formation and categorization of club are briefly described in the brochure attached with this letter.

Further if needed VP can consider to organize an orientation programme / workshop for the selected schools of Punjab in support with the SCERT so that schools have a clear idea about the VIPNET.

We look forward to have further communication on the same.

Yours sincerely,

(Arvind C. Ranade)

To,

The Deputy Director
State Institute of Science Education, Punjab (SCERT)

VIPNET

Thank you for your attention on this communication.

VIPNET stands for Vigyan Prasar NETWORK of science clubs. The VIPNET programme was initiated nationwide in the year 1998 to reach out and engage with science clubs and organizations working in the field of science; willing to coordinate with Vigyan Prasar for a concerted outcome.

By December 2014 around 12449 clubs registered with VIPNET. Recently Vigyan Prasar started a process of re-registration to add further value to the dynamics of engagement with clubs already registered. 1031 clubs re-registered in this process and have validated the review. Vigyan Prasar will further rationalize this engagement to strengthen the outcomes of the network. You are welcome to join the efforts.

About VIPNET:

An active and fully functional science club working in any part of the country can be a part of VIPNET by simply registering with Vigyan Prasar.

There are a few guidelines to join the VIPNET.

- The new and existing clubs will maintain their own identity and carry out programmes as per their convenience.
- No registration or affiliation fees are charged for enrolling with VIPNET.
- The image with VIPNET logo and the statement below must be mentioned in the Club's activity back drop / signboard / literature they produce while conducting programmes, events, workshops etc.
- Only one club will be allowed to register on one address & coordinator name.

Affiliated to Vigyan Prasar NETWORK of Science Clubs

Club Name : _____

Club Unique Authorization Number : _____

How to form a new science club and join VIPNET?

Any youth / adult with a group of children can discuss the formation of a science club with friends and people in the area he / she resides in. At least 10 members should join together to form a club. The proposed name of the club has to be provided in the VIPNET membership form. Affiliation would be conferred after completion of necessary procedures.

Guidelines for each registered club:

- ✓ VIPNET logo with club ID must be used in each activity.
- ✓ VIPNET logo and club ID must be clearly visible in the photographs of the programmes, events and workshops conducted by the club.
- ✓ Activity report must be submitted in the format provided on the website and/or placed in the brochure.
- ✓ Report can be submitted through e-mails, post, online or by hand. Report must be supplemented with photographs of the programme. Reports without photographs will not be considered as proper reports.
- ✓ Mere participation of a club member in any workshop, programme etc will not be considered as a part of report.
- ✓ I-cards provided will be valid for one year only.
- ✓ Vigyan Prasar reserves the right to change, update or cancel the facility provided to the clubs as demanded by circumstances.

Category of Clubs:

A system of categorization of clubs has been developed to encourage science activities in the club and keep their morale high. The highlights of the process are:

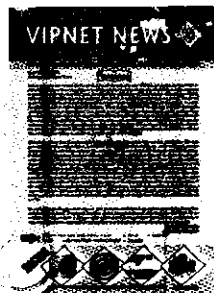

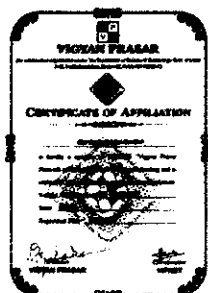

- Clubs will be divided into five categories.
- Categories will be represented by respective names.
- Based on the frequency of reports, clubs will be promoted or downgraded to various categories.

- Review meeting for status change will be performed in the last week of December each year.
- After the review, the retained or upgraded clubs will be eligible to get appropriate facilities.
- Demoted clubs will not get any facility for the year.

1. WHITE CLUB:

Each registered/re-registered club will be given a White Club membership. The proposed facilities for the white club are:

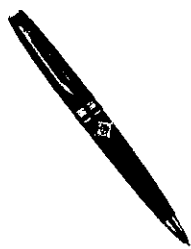

- ❖ Affiliation Certificate.
- ❖ Subscription to VIPNET Newsletter & the monthly newsletter Dream 2047.

2. BRONZE CLUB:

A club that sends at least one report a year can be eligible for the Bronze Club status. The proposed facilities for the bronze club are:

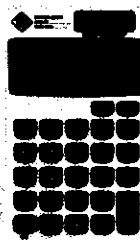

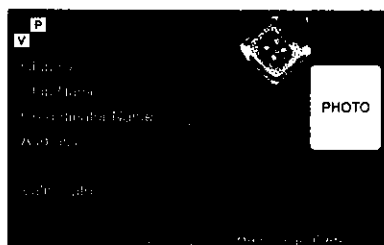

- ❖ A Pen embossed with VIPNET logo and club ID.
- ❖ Identity card for Coordinator of the Club.
- ❖ All activity kits of Vigyan Prasar (one copy each).

3. SILVER CLUB:

A club that sends half yearly reports is eligible for the Silver Club status. The proposed facilities for the silver club are:

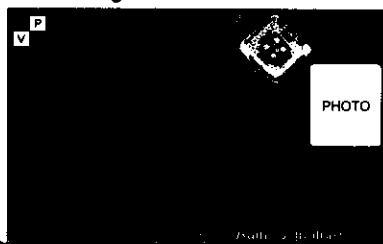

- ❖ All activity kits of Vigyan Prasar (one copy each).
- ❖ Digital Calculator embossed with VIPNET logo and club ID.
- ❖ Identity card for Coordinator of the Club.
- ❖ Set of 10 DVD's or books.
- ❖ Eligible to participate in National Level workshop organised by Vigyan Prasar.

4. GOLD CLUB:

A club that sends quarterly reports is eligible for the Gold Club status. The proposed facilities for the gold club are:

- ❖ All activity kits of Vigyan Prasar (one copy each).
- ❖ Set of 10 DVD's or books.
- ❖ Eligible to participate in National Level workshop organised by Vigyan Prasar.
- ❖ Pen drive (16 GB) embossed with VIPNET logo and Club ID.
- ❖ Identity card for Coordinator of the Club.
- ❖ 50 kits of any one specialization to conduct science activity.

5. PLATINUM CLUB:

A club that sends monthly reports is eligible for the Platinum Club status. The proposed facilities for the platinum club are:

- ❖ All activity kits of Vigyan Prasar (one copy each).
- ❖ Set of 10 DVD's or books.
- ❖ Eligible to participate in National Level workshop organised by Vigyan Prasar.
- ❖ 50 kits of any one specialization to conduct science activity.
- ❖ White board with duster and a set of 2 markers embossed with VIPNET logo and particular club ID.
- ❖ Identity card for coordinator of the club.
- ❖ Educational trip for 10 Club members and Coordinator to any educational institute in India.
- ❖ Eligible to get support from Vigyan Prasar for any State Level Workshop organised by the Club.
- ❖ Eligible to participate in expensive training programmes where educational equipments in the form of assets will be developed, e.g. telescope making, weather kit etc.

Objectives of VIPNET are to:

- Work as local activity centres of Club with Vigyan Prasar.
- Disseminate information on science & technology (S&T).
- Reach out to fellow citizens especially in remote areas to popularize science.
- Stimulate spirit of curiosity, inquiry, innovation and creativity to supplement conventional education and foster scientific temper &
- Make science an enjoyable and interesting pursuit.

Why should a newly formed or existing Science Club seek affiliation to VIPNET?

A simple, yet pertinent reason is the opportunity to serve as part of a national network of science clubs. Clubs can overcome several physical and notional barriers of an isolated unit and partner an exciting national movement. The network will therefore help:

- i. Access communication materials provided by Vigyan Prasar free of cost or at attractive discounts (depending on availability).
- ii. Exchange view and Ideas, express opinions and gain insight (s) into a vast array of activities of other VIPNET clubs through the VIPNET newsletter.
- iii. Participate in programmes including trainings and campaigns organised by Vigyan Prasar.
- iv. Get together with other science clubs at the regional level to form cluster to organize such programmes as trainings, workshops, jathas, lecture-cum-demonstrations etc. for which Vigyan Prasar could provide assistance in the form of resource persons, course materials and kits, and other necessary inputs in response to a proposal for specific activities.
- v. Get national exposure and recognition through the VP Web page on the Internet.
