D.O. No. 3-4/2014-RMSA-1

Date: 21st August, 2017

Respected Sir/Ma'am,

I would like to inform that one of the action points which emerged from the National meet on promoting use of Space Technology was that "ISRO may work out a plan for mass awareness programme and Space Application in consultation with Ministry of Human Resource Development and States".

2. ISRO has now developed videos on Space Technology application for the use of students at school level and ISRO has provided soft copies of three videos to enhance awareness on the use of Space Technology for the education sector viz. (1) Moon, Mars and Beyond: ISRO Space Exploration Missions (2) NavIC: The Guardian Angel, and (3) Satellite Communication: connecting people. The 3 videos have been placed on the RMSA portal www.rmsaindia.gov.in.

3. It is requested that all the schools may be instructed to download these videos from RMSA website and show them to the students in the schools for enhancing their awareness with regard to the use of Space Technology.

With regards,

Yours sincerely,

Nigar Fatima Husain
