

1.0 A query has been raised as to whether Math Masters posted in Middle Schools under SSA be issued appointment letters as regular teachers at the same stations?

This issue has been examined and it has been decided that in case the teacher is already working and posted in a Middle School as Math Master and in case he wants that his new place of posting be also be the same school, such teachers may be allowed to join at the same station. However, it may be clarified to him or her that as and when the rationalization happens, the post of Math Master will have to be shifted to some High School or Senior Secondary School. If he/she is still willing to go to the Middle School, appointment letters as regular teachers may be issued.

2.0 All Nodal Officers may kindly resolve this issue as per above.
