

Notice

A large number of queries and requests are coming from SSA and RMSA teachers who could not click for one reason or the other, to allow them to click on portal. The issue was examined and it has been decided that such teachers may click and give their option now. Those who give options after 12th November and till 14th November, 2018 will be given appointment letter on 15th November. This will also give time to identify stations to be vacated by the teachers due to recent postings of SSA and RMSA who have already obtained appointment letters.
