

SECURITY						
Sr. No.	Equipment Name	QTY.		Picture of Equipment	Maximum Unit Price	Approx Total Cost in Rs
1	Air pistol (model only)	1	Air Pistol with foresight/ backsight and sling (For demo purpose only)		1500.00	1500.00
2	Air Rifle (model only)	1	Air Rifle with foresight/ backsight and sling (For demo purpose only)		3000.00	3000.00
3	Alarm panels	1	Conventional panels represent a building as a series of regions known as detection zones. When a smoke detector or pull switch in a zone activates, the electrical current to the fire alarm panel changes, and the control panel indicates that a device somewhere in that zone has been activated.		6000.00	6000.00
4	Batons	1	Straight batons are the most popular style, but side-handle batons are also widely used by law enforcement personnel. The short additional handle allows the use of a wide range of defensive techniques, and also makes it easier to keep hold of the baton during use		700.00	700.00
5	Boots	10	Boots which are designed for walking through snow, shallow water and mud may be made of a single closely stitched design (using leather, rubber, canvas, or similar material) to prevent the entry of water, snow, mud or dirt through gaps between the laces and tongue found in other types of shoes.		500.00	5000.00
6	CO2 Fire Extinguisher (empty 4.5 kg)	1	CO2 4.5Kg Extingusher with one year vldity.		4500.00	4500.00
7	Complete first aid kit with box/ Equipments	1	First Aid Box with Big Varietyof first aid medical accessories i.e Dettol,band aid of different sizes,Gauze pads,Dressing Bandages,medical tape,crepe bandage, Cotton balls,safety pins,isopropyl alcohol, Antimicrobial hand wipes,Hydrogen peroxide,Sterile water bottle,Arm sling,Chemical ice pack,Thermometer-Oral and Rectal (Kids),Tweezers,Sterile Gloves,Scissor,s,Oral rehydration salt,Cough Suppressent,Benadryl,Antibiotic ointment, Calamine lotion,Paracetamol,Throat Lozen.Sun burn cream,Advil,Torniquet Bandage,Drugs-Cetrizine for Allergies,Aspirin for headache,Digene for Acidity,Vicks vaporub for nasal congestion,D cold total for cough, Isabgol for constipation,Combiflam for sprains.All these items would be in First Aid Box		1000.00	1000.00
8	DCP portable type extinguisher empty	1	DCP PORTABLETYPE EXTINGUISHER with one year vldity.		2500.00	2500.00
9	Door frame metal detector (wooden type)	1	Metal Detector with good quality wooden frame sunmica finish and wooden ramp with in built walk/stop indicators, Detects small arms like pistol,knife,etc concealed on a person even under ferrite rods, Indicators on front-walk,stop &Low Battery,Sensor-Infra Red,Advanced micro processor based induction loop with immunity to electro magnetically noisy environment, inbuilt battery charger,Audio-4 type tone (simple alarm,Loud Alarm, Police Alarm,differnt tone for ferrite detection),Uniform detection from top to bottom,Control panel along with LED indicators with visual display leds for indicating presence of metals, weapons,IR sensors to avoid alarm indication for metal movement outside the DFMD,IN/Out Counter, safety fuse, volume/sensitivity adjustable switch,on/off switch and power cord.		25000.00	25000.00

10	DCP type extinguisher 5kg	1	DRY CHEMICAL POWDER (DCP)TYPE Extingusher with one year vlicity.		2500.00	2500.00
11	Duty uniform	10	A professional uniform naturally demands more respect. Consider: -- Guard sshould wear distinctive uniforms so they can be easily spotted by a person who may be in distress and looking for help. --People feel safer around security guards who take pride in the way they look and conduct themselves.		1000.00	10000.00
12	Emergency warning lights	3	Emergency Vehicle Lights and Colors. The colors used on an emergency vehiclevary based on local, state, and national laws. There are some general themes, however. The most common colors used on emergency vehicles are red, blue, amber or yellow, white, green, and purple.		1500.00	4500.00
13	Fire beater	1	Fire fighting equipment for extinguishing fire with 1.5ft X 1 ft made up of flexible iron sheet fitted on 6 ft bambo stick		500.00	500.00
14	Empty water co-2 extinguisher 9kg.	1	Water pressurised 9 ltrs Extingusher with one year vlicity.		4000.00	4000.00
15	Fire demo tray (3x2x2)	1	Made up of strong metal sheet of 16 Gauge		700.00	700.00
16	Fire fighting axe.	1	Fire Axe for cutting electrical wires during fire fighting with rubber grip electrical resistance upto 20000 volt current		400.00	400.00
17	Wire Cutter	1	Pliers are made in various shapes and sizes and for many uses. Some are used for gripping something round like a pipe or rod, some are used for twisting wires, and others are designed to be used for a combination of tasks including cutting wire.		150.00	150.00
18	Fire Fighting buckets	4	Two iron buckets for water and two for sand in Red colour marked water & sand accordingly capacity 5 ltr		300.00	1200.00
19	Fire Fighting Hammer- 2kg	1	Steel based hammer for breaking windows & glass panes during fire fighting with rubber grip and fibre on both ends.		200.00	200.00

20	Fire hook	1	Fire fighting iron hook with six feet bambo stick		400.00	400.00
21	Fire hose with Nozzles coupling (Brass)	1	Fire system component 15 mtr with 3 inch diameter with brass coupling on both ends.		5400.00	5400.00
22	Fire hydrant (Brass)	1	Fire system component with lever and brass opening and closing valve		6000.00	6000.00
23	Full body harness	2	Used for pulling up people in emergency situations		2000.00	4000.00
24	Handheld metal detectors	1	Sensitivity-Detects small coin to bigger metal objects, Detection-Detects ferrous, non ferrous metals, weapons concealed with ferrite, Battery-Nickle Cadmium rechargeable 4.8 V,Battery charger-Works on 220V AC 50 Hz,Indicators-Audio Alarm, red and yellow LED's for on & low battery sound detection alarm and on/off switch to save battery.		2500.00	2500.00
25	I-card (visitor, temporary, smartcards)	5	Sample cards for demonstration i.e.visitor cards/ID cards and will be used to make understand the students the importance of identity of a person when he is working or doing something in some corporate premises		100.00	500.00
26	Four zone fire alarm system.	1	The fire alarm system can be set off automatically bysmoke detectors, heat detectors or manually. ... The optical smoke detector detects smoke by using light sensors (infrared LED). When smoke particles pass thru the chamber of the optical detector, it scatters light that triggers the alarm.		14000.00	14000.00
27	CCTV system, (cctv,Dvr, 500gb, hard disk, 10mtr wire, power 1 camera each, PTZ, still, Dome, fixed and IRR)	1	CCTV camera IRR day/night, DVR 4 channel,500GB Hard Disk,Power supply,Connectors,10 mtr wire, Monitor (17") & mouse.		14000.00	14000.00
28	Smoke detector system	1	A 4 zone system with a control panel, hooter, smoke detector, sprinkler and MCB fitted on wooden Board 3ft X 4 ft fully functional (For level 1 to 4)		14000.00	14000.00
29	One way mask	2	Mask will be used for prevention from pollution in case of fire.		500.00	1000.00

30	Parking signs different types	6	Parking signs are an essential piece of keeping your facility safe. While it's important to have messaging that instructs drivers to stop, yield, and where not to enter, it's equally necessary to instruct drivers—particularly those who are not used to the facility—where parking is prohibited.		200.00	1200.00
31	Parking warning light (red & green) each	1	Before they were called parking lights, they were known as "sidelights." And at one time, they WERE used to make a parked car more visible, when it was pulled over to the side of the road where other drivers might not expect it. But since the mid-sixties, we have emergency flashers or hazard lights for that.		500.00	500.00
32	Public address system portable	1	Small shoulder hung, Electric as well as battery operated with public addressable siren.		3000.00	3000.00
33	Pulleys (with Stand)	2	Heavy metal pully for pulling in emergency situations .5 TON capacity with 360 degree rotating hook		500.00	1000.00
34	Rescue stretcher	1	Very light in weight as made up of special material steel, robust and helps in carrying sick and injured patients with replacable cloth & two belts for tying injured.		1200.00	1200.00
35	Rope	25mtr.	Rope 10 mm & 25 mtr. used by rock climbers		2500.00	2500.00
36	Safety helmets	4	ISI marked Helmet Fire proof with straps		400.00	1600.00
37	Seat harness	1	Used for pulling up people in emergency situations used by rock climbers		1500.00	1500.00
38	Security guard belts.	10	Important Equipment for Security Guard. A heavy duty flashlight is an important tool for all security guards so that they can easily work during night shifts to understand every situation. ... Flashlight will help security guard to scare potential criminals, and this may decrease the chances of crime.		50.00	500.00

39	Set of uniform (Dangri)	2	A fire proximity suit (also, silvers, silver bunker suit, or asbestos suit) is a suitdesigned to protect a firefighter from high temperatures, especially near fires of extreme temperature such as aircraft fires. They were first designed and used in the 1930s		1200.00	2400.00
40	Smoke detectors	2	Smoke detectors are an important part of safety in a home, as these fire-protection devices will automatically detect and warn you of the presence of smoke and can save your life in the event of a fire		600.00	1200.00
41	Spare batteries and bulbs	5	All emergency lights and lighted emergency exit signs use a battery for powering the lamps. ... In the case of battery replacement in an emergency light, it is important to insure that the same battery Replacing your own batteries may sound like a job for the electrician or maintenance man.		100.00	500.00
42	Search light (One KM. Range)	1	A searchlight (or spotlight) is an apparatus that combines an extremely luminous source (traditionally a carbon arc lamp) with a mirrored parabolic reflector to project a powerful beam of light of approximately parallel rays in a particular direction, usually constructed so that it can be swiveled about.		2500.00	2500.00
43	Two way radios and chargers (walkie-talkie)	2 (4piece in 2set)	Original wireless walki-Talki with minimum 2 Km Range without repeater 16 channel key pad, display, on/off and volume switch, PTT switch, antena, charger, removeable battery and belt clip. (Motorola, seimens, Talk Pro or HVC)		7000.00	14000.00
44	Under Chassis inspection mirror (Trolley Type)	1	A part and parcel tool for security personnel which helps them to search for unauthorised pilferage and explosive material hidden under the vehicle. Specification- Telescopic rod with clean mirror (1Ft X 3 Ft) and four caster wheels with torch (2 cells). Suggested Companies 1. Garrrrett 2. ZK Scanner 3. Ibode India		2000.00	2000.00
45	Whistles with tag	10	Security guards enforce rules on a property, and deter criminal activity, either by walking the facility and grounds to conduct security checks, or monitoring surveillance cameras and alarms		100.00	1000.00
46	Training matt (3ft X 6 Ft X 2" thick)	4	It should be light in weight and the mattress should be filled with special foam from inside size 3 ft X 6 ft thickness 2 inches		1000.00	4000.00
47	Training chart all types 1 each	20	How to Tell a Story With Charts and Graphs. The main functions of a chart are to display data and invite further exploration of a topic. Charts are used in situations where a simple table won't adequately demonstrate important relationships or patterns between data points.		100.00	2000.00

48	Rope Nylon (20mtr Long, Diameter 1.25cm)	20m (in meters)	Nylon rope is strong, stretches, absorbs shock, and resists rotting from sunlight. For these reasons, it is often used for tying up to the dock. However, nylon rope will sink, not float. ... This type of rope usually is used as a ski rope and is not recommended for use as a dock line or anchor line		500.00	500.00
49	Hand Torch (For Night Duty Security purpose)	2	Security Flashlight. The flashlight is arguably the most important piece of equipment that an unarmed security guard should carry.		275.00	550.00
50	Ladder (4.5 mtr Long) (for Fire Fighting Training)	1	LADDERS are among the most essential facilities of the modern fire department. Their importance in life saving and fire control operations has multiplied with the great growth in the nation's housing and business structures and with the increasing complexities of modern fire protection.		3500.00	3500.00
51	Fire Axe pick (4 kg)	1	Firefighter's axe, fire axe, or pick head axe: It has a pick-shaped pointed poll (area of the head opposite the cutting edge). It is often decorated in vivid colours to make it easily visible during an emergency. Its primary use is for breaking down doors and windows.		400.00	400.00
52	Looking Mirror 5 ft X 1.5 ft with wooden frame	1	Full size 5 Feet X 1.5 Feet to check turn out.		1300.00	1300.00
53	Gloves mitton set	1	Pure leather fingers together and thumb separate with additional leather sheet on palm to avoid rope burn during wrapping.		1000.00	1000.00

185000.00
