Dear Anindita,

SSE (Anand)

USSE 23/4/25

SSE PRH

2/5/25

I would like to draw your kind attention to the instructions issued vide letter number NPS/2021/1057 dated 13.09.2021, which outlined the timelines for registration of new subscriber and final payment under NPS. However, it has been observed that Drawing and Disbursing Officers (DDOs) do not strictly comply with these timelines, resulting in significant delays in the processing the final payment of retiring employees under NPS, further resulting in court cases.

Additionally, there are instances where contributions to the NPS accounts have not been credited for more than the past one year. These delays may be attributed to employees leaving service due to dismissal/removal or changes in their employment status from NPS to OPS due to court cases etc.

There are instances of delayed final payments for superannuated employees which are detailed in "Annexure-A". Additionally, "Annexure-B" lists cases with uncredited contributions for over a year, requiring specific review. This review should identify instances where uncredited contributions are linked to employees who have left Punjab Government service and whose final payments remain unsettled. Therefore, you are requested to direct the DDOs of your department to address and expedite the settlement of all outstanding payment cases outlined in "Annexure-A" and "Annexure-B"

Furthermore, it is again emphasized that all DDOs under administrative control of your department should be directed to strictly adhere to the timelines specified in letter number NPS/2021/1057 dated September 13, 2021, while processing NPS final payment cases in future to prevent unnecessary litigation and potential financial losses to the Government, which may arise due to delayed settlements.

With regards.

(Mohammad Tayyab)
