All bidders who meet pre-qualification criteria will be required to develop and present **Sample Multimedia Educational Content** for one common topic which will be given to all such bidders. This presentation is intended to assess the level of expertise of the bidder in converting given hard spots into multimedia based teaching content. Following points will be assessed during the presentation:-

- Quality.
- Innovation.
- Instructional value of content.
- Flow of logic.
- Clarity and relevance of Voice–Over.
- Titles and printed text matter.

Technical Evaluation:

The **Evaluation Committee** will evaluate the Bids to determine the technical qualification and competence of the substantially responsive Bidders to prepare a panel of technically qualified Bidders.

In order to facilitate the technical proposal evaluation, the technical criteria laid down along with the assigned weightage have been presented in the following table. The marking scheme presented here is an indication of the relative importance of the evaluation criteria. Bidders securing a minimum of 50% marks in the technical evaluation will only be considered for further financial bid evaluation. Bids of Tenders which don't secure the minimum specified technical score will be considered technically non-responsive and hence debarred from being considered for financial evaluation.

Sl. No.	Criteria	Maximum Marks (Weightages)	Method of allotting marks for Technical Score
